The leadership of New Community is committed to the development of disciples and leaders. The internship program is designed to create an environment for leadership and well as spiritual and ministry development. It is our intent for the hearts and minds of interns to be formed into a life of service for God's kingdom. To help achieve this we have strategically incorporated five avenues of learning into the program. The five components of the program are the Academic, Missional Exposure, Practical Ministry, Service and Spiritual Formation pieces. With these goals in mind, we feel it is important to make an informed decision with regard to our selection of individuals for the internship program at New Community. The below information will assist us in making an informed decision.

How long have you been involved with New Community Church? Describe how you came here and why you have stayed.

Please list the ministries in which you have been involved at New Community.
(Include time of involvement and any leadership positions held)

If you are not currently involved with New Community, describe your current involvement with a local church, and your willingness to commit to this body as a part of the internship.

What experience in ministry do you have?

In terms of ministry, how would you define your calling? What are the desires of your heart? How do you think this internship can equip you in fulfilling your sense of calling?
